GeneIQ Vaccine Direct Partners with Local McDonald's of Greater North Texas Franchisees to Offer Free, On-site COVID-19 Vaccines to the Public

The Local Laboratory Continues to Offer Large-Scale, On-site Vaccinations to Organizations and Facilities

DALLAS, TX (May 19, 2020) – GeneIQ Vaccine Direct, a division of [GeneIQ](#), a Molecular Diagnostics company based in Dallas, has partnered with **six local McDonald's of Greater North Texas restaurants** to offer **free Moderna COVID-19 vaccinations to the public**. The vaccines will be offered during various dates between now and May 28, 2021, taking place from 9 a.m. to 5 p.m. on each scheduled date. Valid candidates must be ages 18 or older with valid personal identification and insurance. The vaccine is also free for those without insurance through a federal program for the uninsured. Patients will be able to return to the same location to receive the second dose of the vaccine at a later date.

Vaccines will be offered on the following dates at McDonald's of Greater North Texas restaurants throughout Dallas-Fort Worth from 9 a.m. to 5 p.m.:

- Tuesday, May 18: 1415 E Illinois Ave, Dallas, TX 75216
- Thursday, May 20: 8606 Skillman St, Dallas, TX 75243
- Friday, May 21: 8333 S Lancaster Rd, Dallas, TX 75241
- Tuesday, May 25: 705 W Jefferson Blvd, Dallas, TX 75208
- Thursday, May 27: 7201 N President George Bush Hwy, Garland, TX 75044
- Friday, May 28: 3026 N Hampton Rd, Dallas, TX 75212

This partnership with McDonald's of Greater North Texas franchisees is part of a larger initiative by GeneIQ following their recent commitment to supporting schools, corporations, and

organizations with zero-cost, on-site COVID-19 vaccinations. An on-site medical team is provided, along with a registration platform to ensure efficient processing and that all state reporting requirements are met. Patients can receive the vaccine at no cost with insurance or through the federal government program for the uninsured.

About GeneIQ Vaccine Direct

GeneIQ Vaccine Direct is committed to supporting schools, corporations, and organizations with zero-cost, on-site COVID-19 vaccinations. **GeneIQ Vaccine Direct provides on-site vaccines and boosters in a safe and convenient process at no cost to the patient or organization.** GeneIQ supplies all the medical staff and supplies with end-to-end service.

GeneIQ has been a trusted resource throughout the pandemic and has serviced over a quarter of a million patients across the nation, playing a pivotal role throughout the pandemic. They are DSHS approved to administer COVID-19 vaccinations and have over 50 nurses on staff. GeneIQ Vaccine Direct provides on-site vaccines and boosters in a safe and convenient process at no cost to the patient or organization and supplies all medical staff and supplies with end-to-end service.

About GeneIQ

GeneIQ is a high-volume, molecular diagnostics laboratory specializing in urinary and respiratory infectious diseases as well as Pharmacogenomics (PGx). PGx is a segment of genetic medicine that aligns a person's specific DNA with the right medications in an effort to reduce adverse drug events, the fourth leading cause of death in the United States. Their state-of-the-art laboratory in the Dallas area services over 500 long-term care facilities, physician practices, state and local governments, corporations, and many organizations throughout the United States. They have created a highly efficient, automated lab process with a paperless, web-based system that provides a 24-hour turnaround time of results after receipt of the specimen. They provide real-time reverse transcriptase-polymerase chain reaction (RT-PCR) testing for infectious diseases such as COVID-19 and Urinary Tract Infections, Pharmacogenomic (PGx) molecular testing, and on-site antigen (RAPID) COVID-19 testing. The support and management teams at GeneIQ are passionate about providing the highest level of service to their clients and the healthcare industry.

To find out more about the GeneIQ laboratory and their work, visit [GeneIQ's website](#). To schedule an appointment, call 972-942-0110 or email vaccine@geneiqlab.com.
